From the CEO's Office:

"Malaysia is ready to welcome more international students as the nation reopens borders fully on 1 April. Thus, a well-established understanding and a strong partnership with all higher education institutions in Malaysia would further consolidate EMGS' commitment to promoting Malaysia as a top education hub of choice for international students. EMGS, together with higher education institutions in Malaysia, is ready to welcome a surge of international students to Malaysia in line with the government's aspiration of transforming Malaysia into a global education hub."
