**"4 cheapest Asian countries for international students"**  
-Study International

Aside from being the largest continent, Asia is also home to the oldest civilisation, highest peaks, most populous cities and tallest buildings. In recent decades, spurred by booms in economy and population, the higher education sector in Asia is flourishing, drawing more international students to its shores.

**"Here's why Chinese parents are getting their kids enrolled in Southeast Asian schools"**  
-WION

More and more Chinese parents are eyeing schools in Malaysia and Singapore. The reason? They don't want their kids to go through highly competitive university entrance exam in future which leads to a rat race that doesn't lead them anywhere eventually.

## From the CEO's Office

"Malaysia is a host to more than 300 world-class higher education institutions including foreign branch campuses from the UK, Australia, China, and Ireland. Higher education institutions in Malaysia continue to make great strides in the international rankings as 24 institutions listed in the QS World University Rankings 2023."

- EMGS Board of Director, **Datuk Prof Dr. Paul Chan**
